## **REPORT ON THE COLLABORATIVE LEARNING WITH AMBASSADORS SCHOOL, OTA ON TUESDAY, 7<sup>TH</sup> NOVEMBER, 2023.**

The exchange programme was based on a project by the Ambassadors Schools entitled: French the barrier breaker.

The aim of the programme was to enlighten students on how learning an international language can help in breaking cultural barriers. So Trinity College students handled the French while Ambassadors students handled the English.

### **PARTICIPANTS**

The names of the participants:

1. Wadjiri Aissatou
2. Anya Joel Esther
3. Chabi Chirine
4. Ahounou Kenza

The programme started behind schedule because of network challenge and also fixing the video from our side. Once everything was set, and the introduction done by Ambassadors Schools, the ISA Coordinator in the person of Mrs. Olantunji NUD took over to enlighten the students on the aim of the project.

Afterwards, Aissatou Wadjiri took over to talk on the importance of learning an international language – French. She answered few questions from students from Ambassadors School before she run through the French words and their English meanings presented on Power point.

Chabi Chirine took over pronouncing the French words and their corresponding English meanings. After her presentation, Ambassadors Schools' students took over by teaching some English words, their meanings and usage in sentences.

## **OBSERVATION**

The students were really excited about the project and also all the new words they amassed in the course of the programme.

## **CHALLENGES**

The greatest challenge was the network. The connection fluctuated at intervals throughout the course of the programme which resulted in blurred video and cracked sound.

Aissatou Wadjiri

(SSS3 student)
