What have you enjoyed most about this activity? What did you like best?

I enjoyed the fact I got to stand on stage and tell children the rights of being a child. What I enjoyed the most was working with open minded people that made me understand the activity.

What new ideas or information have you learned from this activity?

- Every child deserves protection from any form of harm.
- Every child should be provided with their basic needs
- Every child has the right to ~~choose~~ be loved no matter what.

What have you enjoyed least or encountered difficulty with?

I didn't really enjoy the fact that while I was presenting I could not explain further as due to time.

What would you like to change if you did this activity again?

I would like to change the way it was presented to the students. I would like to explain further.

Thank you for your time and comments.

Title of activity:	Scepters and Crowns	Date:	15/03/24

What have you enjoyed most about this activity? What did you like best?

Honestly, I enjoyed the fact that I had the opportunity to talk to a huge crowd of future leaders about their rights. Additionally, I enjoyed learning about the rights of a child, even the ones I never knew.

What new ideas or information have you learned from this activity?

I learnt that children can live separately from their families for safety, especially to prevent abuse. And all children have rights.

What have you enjoyed least or encountered difficulty with?

At a point, I didn't really like the conflicts my team mates were having during the preparation.

What would you like to change if you did this activity again?

Not really anything, but if I had the power or magic to change anything, it would be fixing all problems and creating a world <sup>where</sup> all rights <sup>are</sup> being practiced not only for children but for everyone.

Thank you for your time and comments.
