

ISA Teacher Activity Evaluation Form

1

Activity number

To be completed by the International co-ordinator:

School name:	The Ambassadors College, Ota	LA/Board:	Ado-Odo Ota
--------------	------------------------------	-----------	-------------

To be completed by a teacher:

Name:	Ojumu Abiodun Richard	Year group of child:	Grades (12-13)
Title of activity:	Sustainable Hydration: Clean water for all	Date:	29/02/24

What impact has this activity had on the pupils involved (at your school or in your local community)?

The activity helped in improving water quality and sanitation in the community.
- It helped to reduce waterborne diseases and educate the people.

Comment on the impact this activity has had on you and any other staff involved (at your school or other schools).

- It helped promote good health hygiene among staff.
- It helped to promote enhanced productivity.
- Proper role modelling for students to emulate.

Comment on the impact this activity has had on the school generally.

- It created a hygienic environment.
- It helped reduce sickness.

Please make any suggestions for improvement (e.g. What was the most effective part of this activity for you and why? What was the least effective and why?)

- More awareness programme should be created to educate people.

Any other comments?

NIL

Thank you for your time and comments.

ISA Teacher Activity Evaluation Form

1

Activity number

To be completed by the international co-ordinator:

School name:	The Ambassadors College, Ota.	LA/Board:	Ado-Odo Ota
--------------	----------------------------------	-----------	-------------

To be completed by a teacher:

Name:	Osime Juliet	Year group of child:	Grade 8 (12-13)
Title of activity:	Sustainable hydration: Clean water for all.	Date:	29/02/24

What impact has this activity had on the pupils involved (at your school or in your local community)?

The activity made the people in the community to know the reasons why they need to make use of clean water and what they stand to gain from it.

Comment on the impact this activity has had on you and any other staff involved (at your school or other schools).

The activity also helped me to ensure that the water I make use of should always be clean in order for me and my household to enjoy good health and live long.

Comment on the impact this activity has had on the school generally.

The activity helped the school to make sure that the water supplied to the community is always clean.

Please make any suggestions for improvement (e.g. What was the most effective part of this activity for you and why? What was the least effective and why?)

Clean and easy accessible water should be made available to the community.

Any other comments?

Clean water is good health.

Thank you for your time and comments.

ISA Teacher Activity Evaluation Form

1

Activity number

To be completed by the International co-ordinator:

School name:	THE AMBASSADOR'S JUNIOR COLLEGE.	LA/Board:	ADO ODO OTA LG.
--------------	----------------------------------	-----------	-----------------

To be completed by a teacher:

Name:	MRS OLAKUHE TITILATO	Year group of child:	GRADE 8 (12-13)
Title of activity:	SUSTAINABLE HYDRATION; ^{Clean} water for all.	Date:	29/02/2024

What impact has this activity had on the pupils involved (at your school or in your local community)?

The program has helped to improve awareness on the importance of clean water which has greatly improve their health.

Comment on the impact this activity has had on you and any other staff involved (at your school or other schools).

The program has helped me stay ~~is~~ ^{better} hydrated by increasing my daily water intake (from 100cl - 300cl).

Comment on the impact this activity has had on the school generally.

The program has helped the school to encourage the student to observe water day; A day set aside for the student to stay ^{away} from carbonated drinks and drink only water.

Please make any suggestions for improvement (e.g. What was the most effective part of this activity for you and why? What was the least effective and why?)

The most effective part of the program was the distribution of portable water around the community. This is because it enables one-on-one sensitization about the importance of clean water. The least effective was none.

Any other comments?

Programs like this should be encourage.

Thank you for your time and comments.

ISA Teacher Activity Evaluation Form

1

Activity number

To be completed by the International co-ordinator:

School name:	The Ambassadors College	LA/Board:	Ado - Odo Ota
--------------	-------------------------	-----------	---------------

To be completed by a teacher:

Name:	Etugbadebo Olufemi Cephas	Year group of child:	Grade 8 (12-13 years)
Title of activity:	Sustainable Hydration: Clean Water for all	Date:	29/02/24

What impact has this activity had on the pupils involved (at your school or in your local community)?

This activity aided the understanding of our pupils on the health benefits of clean water.

Comment on the impact this activity has had on you and any other staff involved (at your school or other schools).

It has enlightened ~~my~~ me and other staff involved on steps we can take to have access to clean water in the community.

Comment on the impact this activity has had on the school generally.

Our school now has upgraded filtering technology installed on our water facility.

Please make any suggestions for improvement (e.g. What was the most effective part of this activity for you and why? What was the least effective and why?)

The most effective part of the activity was the involvement of the students in the execution of this activity. The least effective on the other hand may be the limitation encountered as a result of not being able to reach out to larger number of the people in the community.

Any other comments?

The activity was satisfactory.

Thank you for your time and comments.

ISA Teacher Activity Evaluation Form

1

Activity number

To be completed by the International co-ordinator:

School name: <u>The Ambricador College</u>	LA/Board: <u>Ado-odo ota</u>
--	------------------------------

To be completed by a teacher:

Name: <u>Idowu Taiwo</u>	Year group of child: <u>Grade 5 (12-13)</u>
Title of activity: <u>Sustainable hydration: clean water for all</u>	Date: <u>21/02/24</u>

What impact has this activity had on the pupils involved (at your school or in your local community)?

It helped the pupils to create awareness to the local community on the need to take clean water in order to be safe and healthy.

Comment on the impact this activity has had on you and any other staff involved (at your school or other schools).

This activity helped me to remember the practice of drinking clean water to maintain physical health and well-being.

Comment on the impact this activity has had on the school generally.

It helped the school to continue providing access to clean and safe water to the pupils and also to the community.

Please make any suggestions for improvement (e.g. What was the most effective part of this activity for you and why? What was the least effective and why?)

The most effective part of this activity was the creation of awareness done by pupils on the need to take clean and safe water to reduce the spread of cholera through the use of placards and sound system.

Any other comments?

Clean water is life.

Thank you for your time and comments.

ISA Teacher Activity Evaluation Form

1

Activity number

To be completed by the International co-ordinator:

School name:	THE AMBASSADOR COLLEGE OTA	LA/Board:	ADO - ODO - OTA
--------------	----------------------------	-----------	-----------------

To be completed by a teacher:

Name:	MR AROMOLARAN ISRAEL O	Year group of child:	Grade 8 (12-13)
Title of activity:	Sustainable hydration ^{clean water for all}	Date:	29/02/2024

What impact has this activity had on the pupils involved (at your school or in your local community)?

They get good and clean water everyday and also both with or having in mind the essence and need to drink clean water always.

Comment on the impact this activity has had on you and any other staff involved (at your school or other schools).

It gave us a new sense of enlightenment about why we need clean water and why we should drink water regularly.

Comment on the impact this activity has had on the school generally.

Its impact on the school is to daily emphasize and to sensitize the students and staff about proper hydration and also the school creating measures for clean water and also giving a public water project.

Please make any suggestions for improvement (e.g. What was the most effective part of this activity for you and why? What was the least effective and why?)

- (i) The most effective part was going into rural areas to sensitize them and showed that there was no clean or proper water system in the areas.
- (ii) Proper sensitization are still needed alot of people need awareness about this Many people are ignorant.

Any other comments?

We can do better to make the world safe and conducive for healthy lifestyle

Thank you for your time and comments.
