Please comment on the impact this activity has had on your child and in your local community.

This activity has significantly raised my child's awareness about the importance of cyber-security. He has become more cautious and knowledgeable about online safety practices, which has led to responsible internet usage. In our local community, it has highlighted importance of digital literacy.

If you have been directly involved in this activity what impact did it have on you?

As a parent, my involvement in this activity has deepened my understanding of the current cyber-security threats and the measures necessary to protect our family. It has been an eye-opening experience that has prompted me to implement stricter security protocols.

How could we improve this activity next time?

To improve this activity next time, make provisions for parents to have a hardcopy or a digital copy of the cyber-security project so we can use this at our various homes.

Any other comments?

Overall, the cyber-security project was an excellent initiative that addressed a crucial topic in today's digital age.

Thank you for your time and comments.

To be completed by a parent or guardian:

Name:	AKPAN EMMANUEL (MR)	Year group of your child:	13-15
Title of activity:	Cyber Security: ^{A Joint} Responsibility	Date:	1st July, 2024

Please comment on the impact this activity has had on your child and in your local community.

The impact this activity has had on my child and local community is enormous. As my child spends more time on line, he faces cyber risks such as online bullying, inappropriate content and digital addiction. It has threatened public safety and economic security. As a joint responsibility, Cyber Security has help to protect my child's right.

If you have been directly involved in this activity what impact did it have on you?

The impact this activity has on me as person is that it has help me to protect myself against online fraud, online assault, protection of personal data, financial details and intellectual property.

How could we improve this activity next time?

We can improve this activity next time by creating more awareness in schools, business organisations and government agencies. Also in proper deployment of technology, we can also improve on infrastructure to accommodate this knowledge.

Any other comments?

Cyber Security has come to stay. It is important that both the people and government develop the right mind set and infrastructure to accommodate this technology.

Thank you for your time and comments.

Name:	ADAMS Olatunji	Year group of your child:	13-15
Title of activity:	Cyber Security A joint response insubility.	Date:	01/07/2024

Please comment on the impact this activity has had on your child and in your local community.

My child is now very much aware about the importance of Cyber security.

If you have been directly involved in this activity what impact did it have on you?

He is now aware that there is need for him to be conscious of supplying ^{or} submitting his personal data when online.

How could we improve this activity next time?

I think creating a virtual environment where various cyber attacks can be simulated and solutions proffered.

Any other comments?

Let such awareness be cascaded down to more rural areas that are prone to internet fraud and attacks.

Thank you for your time and comments.

Name:	Olasehinde, T.T	Year group of your child:	13-15 years
Title of activity:	Cyber Security: A Joint Responsibility	Date:	01/07/2024

Please comment on the impact this activity has had on your child and in your local community.

It enables him to discover the damage that could be done by hackers and why online information must be secured.

If you have been directly involved in this activity what impact did it have on you?

It made me to research more into what it takes to secure online data and the importance of cyber security as a human endeavour.

How could we improve this activity next time?

More parents should be involved so that many more people can learn and impact the society at large.

Any other comments?

More modern topics could be introduced so that learners can dig deep and learn outside the classroom.

Thank you for your time and comments.
